

Advising for Potential Liberal Studies Major

This chart is designed to help advise students who are interested in the Liberal Studies major (teaching elementary school). We advise students to take the required courses. Even if they change majors, they will not have lost time because most of these classes fulfill general education requirements. Listed under the required courses are suggested courses. These courses fulfill gen. ed. requirements and may be helpful for elementary teaching. However, students have the option to choose any course to fulfill gen. ed. requirements and are not limited to the suggested list.
